Private Request Form

CULPEPER WELLNESS foundation
Powell Wellness Center

Private lessons allow instructors to concentrate on the needs of the individual participant and customize lessons to his/her skill level. They are a great option for adults or children who have had a traumatic experience with water, students who may become distracted in a group, or need specialized direction.
Semi-private lessons allow for 2 participants to share instruction time. It is best that the participants be similar in ability to achieve the desired outcome. We do not provide second person.
